

Carpet Cleaning

The Ohio Desk carpet cleaning service offers a cost effective way to remove carpet stains, spots, odors, and ground in dirt and grime. Regular cleaning extends the carpet life and improves the work environment. By disinfecting, harmful bacteria, molds, and other microorganisms are eliminated, which can reduce employee absenteeism and increase productivity.

Benefits of Carpet Cleaning:

- *Improve the aesthetic look of your carpet*
- *Remove carpet stains*
- *Remove bacteria, molds and other microorganisms*
- *Create a healthier work environment*
- *Increase the longevity of the carpet*

Not only can Ohio Desk carpet cleaning service improve the overall look of your carpet, we offer carpet protection and deodorizing.

Our trained cleaning technicians will analyze your cleaning needs and put together the specific mix of solutions and pre-sprays to optimize the results. All of our solvents, cleaners, protectors and deodorizers are environmentally friendly.

Advanced technology, which accelerates the drying time for cleaning, minimizes downtime for your employees.

Ohio Desk technicians will coordinate the move of your furniture and can coordinate any of the other Ohio Desk services you may be utilizing. An ideal time to have carpet cleaning is in conjunction with an office move or reconfiguration. This way the office environment will be clean and have the new layout that you need.
