

Higher Education Solutions

Ohio Desk recognizes that Educational Organizations have unique requirements when it comes to furnishing their facilities. Because of this, Ohio Desk has developed a team of experienced sales, design and project management professionals who understand these unique requirements and are dedicated to bringing solutions that help Universities and Colleges meet their challenges. These challenges include: how to attract and retain students and staff, how to bring older buildings up to date with new technology and interiors, and how to support diverse teaching, learning and working styles. This team allows us to assist facilities managers, purchasing departments, architectural and design firms and end-users in providing environments that foster innovation and inspiration.

Our team promises to be a resource for knowledge in providing furniture, architecture and technology products in all areas of your higher education facility, including:

- *Classrooms*
- *Faculty Offices*
- *Administrative Areas*
- *Waiting/Lobby Areas*
- *Residence Halls*
- *Libraries*
- *Computer Labs*
- *Student Learning Centers*
- *Sustainability Solutions*

The Ohio Desk team is knowledgeable about accessing products and services available to your educational organization through a broad selection of products on the following contracts:

- *IUC - Inter-University Council*
- *Educational & Institutional Cooperation*
- *State Contract*

Ohio Desk can also provide financial solutions through Steelcase Financial Solutions.
